SECTION 202

GENERAL DEFINITIONS

Strike the definition of Third Party Certified from Section 202 of the International Fuel Gas Code in its entirety and insert new definition of Third Party Certified to the Fuel Gas Code in its place to read as follows:

THIRD PARTY CERTIFIED. Product or material for which a Ccertification was obtained by the manufacturer indicating that the function and performance characteristics of such a product or material have been determined by testing and ongoing surveillance by an approved third-party certification agency. Assertion of certification is in the form of identification in accordance with the requirements of the third-party certification agency.
